Full stack developer with a big interest in management. Currently working at a start-up creating an AI product for synthetic data generation. Creator of Nutrinevado Nutrition and co-founder of Nutreto. I'm always eager to learn new things and grow as a developer. Check out my GitHub!

💼 WORK EXPERIENCE

FULL STACK DEVELOPER (frontend focus)
Syndata AB | Oct 2021 - Present

Syndata is a start-up creating an AI product for synthetic data generation. I'm currently creating a frontend application from scratch using modern web technologies (JavaScript, React, Styled components, Jest). My aim is to create a modular, testable code base with a high unit test coverage.

FOUNDER
Nutrinevado | Sep 2013 - Present

- Brand creation.
- Product composition and sales.

NATIONAL MANAGER OF NUTRITION & OBESITY
Vivanta Clinics | Aug 2020 - May 2021

- Management of a multidisciplinary team.
- Management of agreements, collaboration contracts and rates.

HEAD OF THE OBESITY DEPARTMENT
Diego de León Clinics | Jun 2016 - Aug 2020

- Leader of the overweight and obesity unit.
- Specialist in bariatric surgery patients.
- Recording of audiovisual material for social networks: explanatory videos for YouTube, Instagram, Facebook, Twitter, etc.

NUTRITIONIST & DIETIST CONSULTANT
Medsure Ocupacional | May 2014 - May 2015

SUPERVISOR
Restoven de Venezuela C.A | Feb 2013 – Jun 2014

📖 COURSES

- Back End Development and APIs **certification**
- Data Visualization **certification**
- Front End Development Libraries **certification**
- JavaScript Algorithms and Data Structures **certification**
- Hack Reactor: JavaScript Workshop
- Responsive Web Design **certification**
- General Assembly: Intro to Coding
- Domestika: Responsive Web Development with HTML and CSS

GitHub, Prettier, Docker, Contentful, Wordpress, Wix, Babel, Terminal (bash/zsh), JSON, APIs, npm, mongoDB, AJAX, VSCode, IntelliJ, Vercel, Figma.

MANAGEMENT

Process and planning, team management, personal development, stakeholder communication.

≔ PROJECTS

CO-FOUNDER NUTRETO
I wanted to try out creating a HealthTech product and get more hands-on experience by taking a digital product from idea to release. Nutreto is a cloud-based platform for nutrition and health, usable for both patients and clinics. Check it out at **nutreto.com**!

PORTFOLIO
My portfolio showcasing some frontend web development projects. Built with Next.js, React, styled components, flexbox, Figma.
